

Mazars @ MIPIM 2024

Palais des festivals, Cannes: 12-15 March 2024

As society transforms, so does real estate. Technological change, shifting consumer habits, sustainability imperative and increased competition for assets mean retail, residential and office spaces are being acquired, developed and used differently. At Mazars, our insight and guidance help you make sense of this new reality so you can improve your strategy, optimise your performance and get the best return on your investments.

At Mazars, we offer specialist financial advice and other real estate services to developers, owners, managers, users, asset managers and investors worldwide. With the real estate industry entering a period of volatility and facing unprecedented change, our multidisciplinary team offers insight and

guidance that can help you achieve long-term success and maximum profitability in a challenging market. At all times, we focus on understanding your needs and establishing a solid foundation that leads to successful investments and strategic decision-making.
