ACCOUNTING OUTSOURCED SERVICES - ISRAEL

OUR CLIENTS

- We work with some of the **world's largest companies** that have a presence in Israel.
- Our clients include numerous **multi-national Fortune 500 companies**, and our high retention level is testimony to our ability to service our clients and meet their specific needs.
- Our specialist industries include **Communications, Financial Services, Software R&D Services, Technology, Energy, Pharmaceuticals, Engineering and Construction** projects.
- Many years of servicing clients has provided us with the sensitivity to the special **needs of our customers** working in a foreign territory and in a foreign language.
- In addition to ensuring compliance with local accounting and regulatory requirements we understand your need to comply with your **internal group policies and practices**.

MANAGEMENT TEAM

STEVEN FLAX

Formerly a Senior Manager at Ernst and Young and CFO of a publicly traded company Steven is finely attuned to the specific needs of international corporations operating abroad. Steven is a qualified CA in both South Africa and Israel and has been in Israel for over 19 years.

IVAN SHAPIRO

Ivan was previously a partner in audit and corporate finance at a global accounting firm in Australia, and, more recently CFO of a financial services company. Ivan is a qualified chartered accountant in South Africa, Australia and Israel. Ivan has worked in numerous industries, providing clients with financial advisory services for over 20 years.

GABRIEL LEBENS

Gavriel founded the Israel desk, where he has developed a strong international network of Israeli companies, investors, entrepreneurs, bankers, accountants and local lawyers. He serves as a trusted partner for Israeli clients seeking guidance in non-Israeli jurisdictions and is a qualified Chartered Accountant in the UK.

OUR SERVICES

Representation:
Registered address, foreign branch representation, VAT representation.

Accounting & Payroll: Tailored to meet our client's needs. We provide constant support in any matters the Parent Company requires (including liaising with lawyers, auditors, banks etc).

Audit and Due Diligence:
Ongoing audit assistance and financial due diligence including investigating Accountants reports.

Set-Up:
Financial, administrative & logistic steps to set up a business in Israel. Assistance with opening bank accounts and ongoing operational issues.

Ongoing Tax Filing and Compliance:
One of our major functions is to ensure full local compliance. We will also identify and flag tax issues requiring specialist attention
