

RESPONSIBLE LUXURY SUMMIT

Responsible Luxury UNLOCKED

Immerse yourself in stimulating conversations, thought-provoking panel talks and hear the voices of the next generation!

*Responsible Luxury Summit** is to unlock the principles of responsible luxury management within the fashion industry. Its aim is to create a series of interactive engagement events to foster industrial collaboration, to inspire reliable communication and to spread responsibility, kindness and the act of empathy across luxury supply networks.

This year's *Responsible Luxury Summit* hosts an exclusive *Industrial Think Tank* that provides the practitioners with a unique opportunity to discuss, stimulate and define a set of prioritized targets to the end of responsible luxury management. Participate, discuss and drive the change towards a more responsible future!

Speakers including

ECOALF

Timberland 

**FASHION
REVOLUTION**

*Responsible Luxury Summit is an annual interactive engagement event organized by Sustainable Luxury Academy that is an observatory research group at Politecnico di Milano School of Management.
