# OUR APPROACH

## MAZARS IN UGANDA: GUIDING YOUR BUSINESS

Mazars BRJ is a certified public accounting firm specializing in tax, audit, accounting, corporate governance and other advisory services. We are set up as a full-service accounting and advisory firm with specialized professionals serving both individuals and businesses.

In a globally interconnected world and in an age of increasing information overload, companies and their executives are confronted with an infinite number of obstacles that they must overcome during the organization's lifespan.

The changing market dynamics, fluctuating demand, evolving economics, changing technological environment, sheer volume of growth experienced by its organic growth and competition are forcing organizations to deliver more with less. Each organization strives to be cheaper, faster, better in order to stand out.

At Mazars BRJ, we understand that companies have increasingly accepted that their performance or success is as much dependent on the complex inter-relationships and factors within the broader business eco-system, as it is upon their own internal processes, structures and resources.

We have developed standard methodologies to address the challenges faced by our clients due to globalization and new technologies, so we have the competences to advise them in their operations.

TAX, AUDIT,  
ACCOUNTING,  
CORPORATE  
GOVERNANCE  
AND ADVISORY  
SERVICE.
