

OUR AUDIT SERVICES TO PENSION SCHEMES

Our tailored approach to the audit of pension schemes is distinguished by our commitment to technical excellence and personal service. As auditors to occupational schemes of all types and sizes we deal with the whole spectrum of pension schemes and understand the specific needs of each.

Using a specialist pension audit team, we address the needs of each client. We assess the key risks and issues of each scheme before commencing work to ensure our efforts focus on the most important areas. Our specialist staff have expert knowledge of the pensions sector and we invest in the development of methodologies and approaches which are appropriate for the audit of pension schemes.

The key aspects of our pension audit services are:

- tailoring our audit process specific to individual scheme needs, ensuring Trustees meet reporting deadlines;
- review of administrative, risk and control systems;
- attendance at Trustees meetings, if and when required; and
- advising Trustees on legislative changes and other topical issues.

Benefits to Trustees and pension schemes:

- we have established relationships with administrators, investment managers, actuaries and custodians; and
- access to a specialist team with in-depth knowledge and understanding of pension scheme accounting and legislation.

Mazars LLP is the UK firm of Mazars, an international advisory and accountancy organisation, and is a limited liability partnership registered in England with registered number OC308299.
